

**GASB Statement 77
Tax Abatement Estimates
for
Taxing Districts located in Columbia County, OR**

The following reports prepared by the County Assessor include the exemption type and estimated tax abatement amount. Each exemption type will also reference the specific ORS authorizing the abatement. Exemption types included in the reports are the County Assessor's determination of potentially reportable programs; taxing jurisdictions are ultimately responsible for reporting the appropriate programs.

Please note that the GASB 77 reports were prepared for those jurisdictions that are currently impacted by an allowable exemption. If you are unable to locate a statement for your jurisdiction, it means the County Assessor has determined there were no active abatements to report for your taxing jurisdiction for the current certified fiscal year.
