[You don't often get email from dr_jensen@everyactioncustom.com. Learn why this is important at https://aka.ms/LearnAboutSenderIdentification]

Dear Board Office Administrator Jacyn Normine,

I oppose the Port of Columbia County's effort to rezone 837 acres of high-value farmland at Port Westward, in the heart of the Columbia River Estuary. I am a farmer in Clatskanie and the rich, invaluable farmland around the port needs to be protected. The Port's plans could damage this farmland as well as the Columbia river itself. I, and my farm animals appreciate our healthy, clean air and do not want to see it polluted by industry
Please reject this attempt to rezone this land.

Sincerely,
Paul Jensen
