

BEFORE THE BOARD OF COUNTY COMMISSIONERS
FOR COLUMBIA COUNTY, OREGON

In the Matter of Exempting the Contract with Envi-)
Road for Asphalt Emulsion from the Competitive) ORDER No. 26-2013
Bidding Requirements of ORS 279B.070)

WHEREAS, unless otherwise exempt, ORS 279B.070 requires a competitive bidding process for the procurement of goods or services valued at between \$5,000 and \$150,000; and

WHEREAS, under ORS 279B.075, the Board of Commissioners may exempt certain public contracts from the competitive bidding process of ORS 279B.070 upon approval of findings that the goods or services are available from only one source; and

WHEREAS, Earthbind Stabilizer Rejuvenating Asphalt (EBS-RA) is an environmentally friendly asphalt emulsion product for use in cold-mix road paving. EBS-RA is a proprietary product that is only available through Envi-Road; and

WHEREAS, because EBS-RA can be used with recycled asphalt, the Road Department estimates that roads paved with EBS-RA will cost the County approximately 60% less than paving with traditional hot-mix asphalt concrete (HMAC); and

WHEREAS, in an effort to reduce costs, the County would like to contract with Envi-Road for the purchase EBS-RA.

NOW, THEREFORE, IT IS HEREBY ORDERED as follows:

1. The Board finds that Envi-Road is the only contractor that can provide a cold-mix asphalt emulsion that allows for use of recycled asphalt and adopts the above recitals in support of its finding; and

2. The County is authorized to use its direct appointment procedure to contract with the Envi-Road for EBS-RA, a cold-mix asphalt emulsion.

Dated this 12th day of June, 20 12.

Approved as to form
