Here it is, only slightly delayed after all.

If anyone compares this year to last, they need to keep in mind that some of the extra expense is due to an agreement Hood to Coast made with a new landowner at Exchange 24's sleeping area. He demanded a 4000 gallon water truck be on site; negotiations resulted in a fire district water tender, staffed by 2 experienced firefighters, being placed in the area. As you know, fire danger was extremely high until Saturday morning and a fire in a field full of people and vehicles was very possible. Our command officers also spent many extra hours with Hood to Coast representatives working out the kinks in the new plan of consolidating the sleeping area at Exchange 23 into Exchange 24.

If you have any questions or concerns please feel free to email or phone me.

Thanks,

Ann Berg
