

BEFORE THE BOARD OF COUNTY COMMISSIONERS

FOR COLUMBIA COUNTY, OREGON

In the Matter of Rate Adjustments for Curbside Collection  
Services and Commercial Drop Box Service for Franchise  
Areas Covering Unincorporated Columbia County

ORDER NO. 57-2019

WHEREAS, Section 5.01(A) of the Columbia County Solid Waste Management Ordinance (“SWMO”) authorizes the Board of County Commissioners, upon its own recommendation or the recommendation of the Solid Waste Advisory Committee (SWAC), to approve and establish rate adjustments; and

WHEREAS, Section 5.01(A)(4) of the SWMO authorizes the Board to increase or decrease rates based on the cost of doing business; and

WHEREAS, Section 5.01(B)(6) of the SWMO provides that in determining rates, the Board shall give due consideration to, among other things, a reasonable rate of return to the franchisee based upon a percentage of gross receipts under the franchise; and

WHEREAS, in May, 2019, the SWAC At-Large Members and County Staff reviewed proposed rate adjustments for curbside collections services and commercial drop box service by Waste Management for its Scappoose and Vernonia franchise service areas, and Waste Connections (dba Hudson Garbage Service) for its St. Helens, Clatskanie, and Rainier franchise service areas; and

WHEREAS, the proposed rate adjustments were supported by 2018 Detail Cost Reports (DCRs) submitted by Waste Management and Waste Connections/Hudson; and

WHEREAS, the SWAC policy is to recommend a hauler-requested rate adjustment to the Board when the operating margin for the franchise area falls below 8%, and to recommend rates to support an operating margin of between 8-14%; and

WHEREAS, Waste Management’s 2018 DCRs showed operating margins within 8-14% for the Scappoose franchise area; and

WHEREAS, because the operating margin for the Vernonia franchise area was 7.8%, Waste Management has requested a 1.4% increase for Vernonia and a rate correction for the 35 gallon every other week (EOW) service in Vernonia to achieve a target operating ratio of 11%; and

WHEREAS, Waste Connections’ 2018 DCRs showed operating margins at 7% for the St. Helens franchise area, 4.8% for the Clatskanie franchise area, and 4.8% for the Rainier franchise area; and

WHEREAS, accordingly, Waste Connections has requested a 6% increase in the rural St. Helens, a 4% increase for rural Clatskanie service, including drop box service, and a 5% increase for rural Rainier service, including drop box service areas, to achieve a target operating ratio between 8-14%; and

WHEREAS, following review of the DCRs, the SWAC voted to recommend to the Board of County Commissioners a 1.4% in the rural Vernonia service Area, a 4% rate increase for rural Clatskanie, 5% rate increase for rural Rainier and a 6% rate increase for the rural St. Helens service areas and

WHEREAS, the SWAC also recommended a disposal pass-through rate increase of 0.17 for all franchise areas, in accordance with Section 5.01 (A)(4), to incorporate the annual Consumer Price Index (CPI) adjusted rates for disposal at the transfer station; and

WHEREAS, following published notice, the Board held a hearing on June 26, 2019 on the proposed rate adjustments for curbside collection services and commercial drop box rate by franchised haulers for residents and businesses in unincorporated Columbia County; and

WHEREAS, after deliberating on the proposed rate adjustments, the Board determined that the SWAC-recommended curbside rate increases for the rural Vernonia, St. Helens, Clatskanie, and Rainier franchise area are necessary to cover the costs of the waste-disposal program without reducing services to the public; and

WHEREAS, the Board also determined that the SWAC recommended commercial drop box rate increase for the rural Rainier and Clatskanie franchise area is necessary to cover the costs of the waste-disposal program without reducing services to the public;

NOW, THEREFORE, THE BOARD OF COUNTY COMMISSIONERS HEREBY ORDERS, as follows:

1. That the proposed increase in Commercial Drop Box rates for the Rainier and Clatskanie Drop Box franchise areas is just, fair, reasonable, and sufficient to provide proper service to the public; and
2. That the proposed increase in curbside collection rates for the rural Vernonia, St. Helens, Clatskanie and Rainier franchise areas is just, fair, reasonable, and sufficient to provide proper service to the public; and
3. In support of its decision, the Board adopts findings in the Board communication dated May 15, 2019, which is attached hereto as Exhibit A and incorporated herein by this reference; and

///  
///  
///  
///  
///

4. The Solid Waste collection rates contained in Exhibit A are hereby adopted and shall take effect on July 1, 2019.

Dated this 26<sup>th</sup> day of June, 2019.

Approved as to form

By: 

Office of County Counsel

BOARD OF COUNTY COMMISSIONERS FOR  
COLUMBIA COUNTY, OREGON

Margaret Magruder, Commissioner

By: 

Alex Tardif, Commissioner

**BOARD COMMUNICATION**

FROM THE DEPARTMENT of PUBLIC WORKS

MEETING DATE: **June 12, 2019 Board/Staff Meeting-Briefing**  
**June 26, 2019 Public Hearing**

**TO: BOARD OF COUNTY COMMISSIONERS**

**FROM: Mike Russell, Director of Public Works**

**DATE: May 15, 2019**

**SUBJECT: SOLID WASTE PROGRAM**  
**FY 2020 Collection Rate Adjustments**

**SUMMARY:**

Each year, the County reviews solid waste collection rates using a uniform Detailed Cost Report(DCR) rate review procedure established in 2011 which is designed to provide the information necessary for the County to make rate setting decisions pursuant to Section 5.01 of the Solid Waste Management Ordinance. Under the DCR procedure, an operating ratio for each collection service area is determined using detailed cost data presented by each collection franchisee in a standard format prescribed by the County. The operating ratio is a measure, expressed as a percentage, of what proportion of a collection franchisee's revenue is left over, before taxes, after paying for the variable costs of providing the service. The County has established a policy that an acceptable operating ratio shall be in the range of 8-14% with a target operating ratio of 11%. If the DCR for the previous year indicates an operating ratio which is under 8%, a rate adjustment to the target 11% would be made. If the operating ratio falls within the 8-14% acceptable range, no rate adjustment would be allowed.

In April, Waste Management and Waste Connections, the two solid waste collection franchisees serving rural Columbia County, submitted Detailed Cost Reports (DCRs) to the Columbia County Solid Waste Advisory Committee (SWAC) At- Large members and Staff. A map of the franchise collection service areas is contained in **Attachment 1**. The DCRs were reviewed by SWAC at a public meeting on May 2, 2019.

**TRANSFER STATION DISPOSAL FEE PASS-THRU ADJUSTMENTS**

Transfer Station disposal rates are adjusted each year based on the prior year CPI. The CPI for 2018 was 1.9%. The CPI increase for disposal will be passed through to the collection franchisee customer and included with the change in the collection service rate. The CPI disposal rate increase is 1.9%, increasing the commercial tonnage rate from \$89.00 to \$90.70 per ton and increasing curbside collection rate for once a week residential service by \$ 0.17 per month per 35 gallon cart.

**PROPOSED RATE ADJUSTMENTS:**

Detailed Cost Reports and related rate adjustment proposals for Columbia County's two franchised solid waste collection haulers are described below.

**Waste Management (Rural Vernonia and Rural Scappoose Service Areas)**

Proposed rate adjustments and supporting confidential detailed cost report (DCR) data for the Waste Management franchise area (Vernonia and Scappoose unincorporated area) are contained in **Attachment 2**. Currently, all Scappoose and Vernonia rural residential customers receive every-other-week (EOW) curbside recycling services in conjunction with solid waste collection, the cost of which is built into the collection rate. Waste Management has not proposed any changes to its services to their rural Scappoose and Vernonia customers in FY 2020.

A Transfer Station 1.9% CPI pass-thru monthly disposal rate increase of \$.17 for once a week residential service will apply to each of Waste Connection's rural collection service areas.

EXHIBIT A

The detailed cost report shows a return on revenue of 9.9% in the Columbia County Scappoose area with a projected return on revenue of 8.8% for 2019. The report also shows the Columbia County Vernonia area return on revenue of 8.4% with a projected return on revenue of 7.8% for 2019.

**Rural Scappoose Service Area : Proposed: No rate increase just disposal pass-thru.**

The DCR indicates a projected operating margin of 8.8%. This is within the acceptable range of 8-14%. No rate increase is indicated.

**Rural Vernonia Service Area : Proposed: 1.4 % rate increase plus disposal pass-thru.**

The DCR indicates a projected operating margin of 7.8%. This is below the acceptable range of 8-14%. The current DCR supports a rate increase of 1.4%.

Additionally, in Waste Management's review of their rate schedule, they noticed the 35 gallon EOW and extra pick up rate were not proportionately correct compared to the weekly rate for rural Vernonia. The customers receiving every other week service paid less than half of the weekly rate. To correct the rate, the proportion of the Scappoose area's every other week rate compared to their weekly service rate and applied that same percentage to the Vernonia area weekly rate.

The FY 2020 change in rates for every week residential collection service is summarized as follows:

Franchise Area	Current Services	Current Rate	Rate Increase %	Rate increase	Disposal Pass-Thru	New Rate
Scappoose-Rural	35 Gal. Weekly Recycling EOW	\$29.79	0%	\$0	\$.17	\$29.96
Vernonia- Rural	35 Gal. Weekly Recycling EOW	\$30.08	1.4%	\$0.42	\$.17	\$30.68
Vernonia- Rural* (rate correction)	35 Gal. EOW Recycling EOW	\$14.57	62.8%	\$9.15	\$.09	\$23.81

**Waste Connections (Rural St. Helens, Rural Clatskanie and Rural Rainier Service Areas**

Proposed rate adjustments and supporting confidential detailed cost report (DCR) data for the Waste Connections franchise areas (Clatskanie, St. Helens and Rainier unincorporated areas) are contained in **Attachment 3**. Currently, all St Helens, Clatskanie, and Rainier rural residential customers receive every-other-week (EOW) curbside recycling services in conjunction with solid waste collection, the cost of which is built into the collection rate. No new services are proposed for the unincorporated Clatskanie, St. Helens or Rainier service areas in FY 2020.

A Transfer Station 1.9% CPI pass-thru monthly disposal rate increase of \$.17 for once a week residential service will apply to each of Waste Connection's rural collection service areas.

**Rural St. Helens Service Area: Proposed: 6% rate increase plus disposal pass-thru.**

The DCR indicates a projected operating margin of 6.4%. This is below the acceptable range of 8-14%. The current DCR supports a rate increase of 6% to achieve the target operating ratio of 11%.

**Rural Clatskanie Service Area: Proposed: 4% rate increase plus disposal pass-thru.**

The DCR indicates a projected operating margin of 4.8%. This is below the acceptable range of 8-14%. . The current DCR supports a rate increase of 4% to achieve the target operating ratio of 11%.

**Rural Rainier Service Area: Proposed: 5% rate increase plus disposal pass-thru.**

The DCR indicates a projected operating ratio of 4.2%. This is below the acceptable range of 8-14%. . The current DCR supports a rate increase of 5% to achieve the target operating ratio of 11%.

EXHIBIT A

The FY 2020 change in rates for every week residential collection service is summarized as follows:

Franchise Area	Typical Service	Current Rate	Rate increase %	Rate Increase	Disposal Pass-Thru	New Rate
St. Helens-Rural	32 Gal. Weekly	\$30.66	6%	\$1.84	\$.17	\$32.67
Clatskanie-Rural	32 Gal. Weekly	\$35.92	4%	\$1.44	\$.17	\$37.53
Rainier-Rural	32 Gal. Weekly	\$31.26	5%	\$1.56	\$.17	\$33.00
Rainier – Commercial	20 yard Drop Box Haul	\$200.00	5%	\$10.00	\$.17	\$210.17

**RECOMMENDATION:**

The Solid Waste Advisory Committee, public members, Todd Dugdale and Adam Hahn, and Public Works staff heard presentations by Waste Connections and Waste Management regarding their respective collection service detailed cost reports and related rate requests on May 2, 2019.

Based on a review of detailed cost reporting information submitted in support of the franchise hauler requests, SWAC and Staff recommend approval of the above described collection franchisee rate adjustments, a 1.4% rate increase for rural Vernonia, a 4% rate increase for rural Clatskanie service area, a 6% rate increase for rural St Helens service area, a 5% rate increase for rural Rainier, a 5% rate increase for the drop box service for rural Rainier Service and the allowable disposal pass thru of \$.17 for all service areas. Staff recommends that the Board set the proposed rate adjustments over for review at a public hearing on June 26, 2019 after provision of required public notice.

**Section 5.04 Passing Through Of Certain Rate Changes**

Notwithstanding the provisions of Sections 5.01 and 5.02, upon recommendation by the Administrator or upon its own recommendation, the Board may, by order or resolution, approve the passing through to customers on a proportional basis any changes in disposal site and transfer station rates that are authorized by governmental bodies.

In allocating the fee changes in fees and costs to the classes of customers, the Board shall use the following formula:

**Residential Customers:** An increase or decrease of two and one quarter cents (\$.0225) per can for each \$1.00 per ton change in fee.

**Container (Drop Box) Customers:** An increase or decrease of fifteen cents (\$.15) per loose yard for each \$1.00 per ton change in fee.

**Transfer Station Customers:** An increase or decrease of \$1.00 per ton (\$.0005 per pound) for each \$1.00 per ton change in fee.

The date that the increased or decreased disposal fees and/or costs are imposed on the franchise holder shall be the same effective date that such fees and/or costs are imposed on the customers and rates may be adjusted retroactively to accomplish this goal.
