

BEFORE THE BOARD OF COUNTY COMMISSIONERS  
FOR COLUMBIA COUNTY, OREGON

In the Matter of a Sole Source  
Procurement for the Purchase of a  
PodRunner from Rescue 42, Inc.

ORDER NO. 2-2020

WHEREAS, Section 6.c of the Columbia County Public Contracting Ordinance authorizes the Board of County Commissioners to award a contract for goods and services without competition when the Board determines by order that the goods or services or class of goods or services are available from only one source; and

WHEREAS, ORS 279B.075 and OAR 137-047-0275 authorize a local government to approve a sole source procurement upon finding that: (1) the efficient utilization of existing goods requires the acquisition of compatible goods or services; (2) that the goods or services required for the exchange of software or data with another public or private agency are available from only one source; (3) that the goods or services are for use in a pilot or experimental project; or (4) other findings that support the conclusion that the goods or services are available from only one source; and

WHEREAS, the Columbia County Emergency Management Department (the "Department") intends to purchase a deployable platform for command, communications, data and incident management; and

WHEREAS, in 2017, the Department sought to acquire three such units, also known as PodRunners, and found only one vendor, Rescue 42 Inc., that could meet the necessary specifications; and

WHEREAS, the Department now has five PodRunners from Rescue 42, and with proprietary vehicle mounting systems, acquiring a new unit with the same system simplifies training and increases safety when moving units to the field; and

WHEREAS, the Department therefore requests a sole source procurement for a Rescue 42 PodRunner., which is described in Exhibit A, attached hereto and incorporated herein by this reference;

NOW, THEREFORE, THE BOARD OF COUNTY COMMISSIONERS HEREBY ORDERS, as follows:

1. The Board finds that a sole source procurement of a Rescue 42 PodRunner, as described in Exhibit A, meets the requirements of the County's public contracting rules because the unit is only available from one source;
2. The above recitals are hereby adopted in support of the Board's decision; and

///

3. The sole source procurement for the Rescue 42 PodRunner is approved.

DATED this 29 day of January, 2020.

Approved as to form
