The mission of On Golden Rescue

is to provide a safe haven for unwanted, abused, neglected horses, mini horses and donkeys, and goats. We will provide shelter, care, medical and rehabilitation services to equines in need.

Our objective is to remove at-risk equines from danger, rehabilitate them, and provide a permanent home so that they may live out the natural span of their lives in a safe and nurturing environment.

OGR is a Permanent Sanctuary.

"NO MORE BAD DAYS"

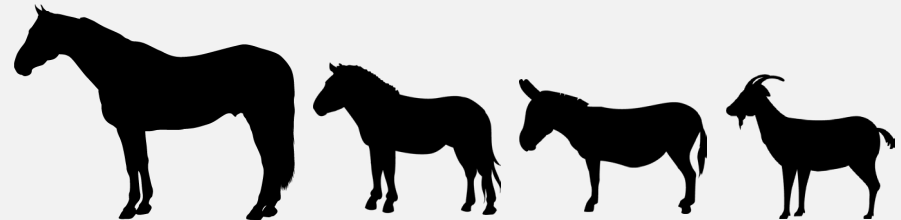

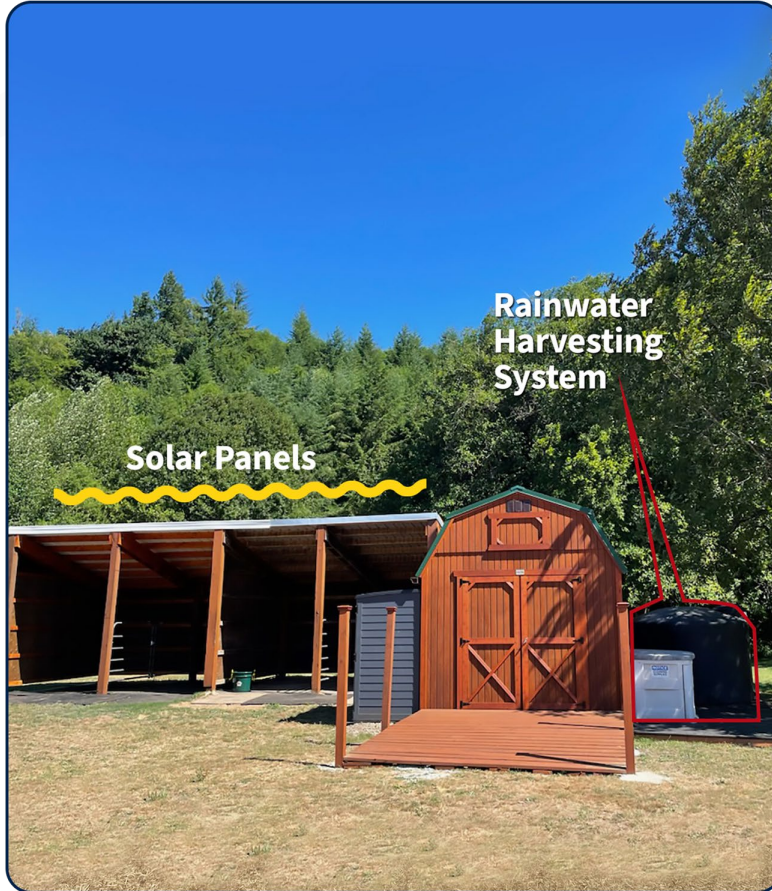

We have 10 Shelter Facilities (including quarantine), a fully equipped dedicated Exam & Treatment Room, Office for staff and volunteers.

Current residents include:

- 7 Standard Horses
- 7 Mini-Horses
- 6 Mini-Donkeys
- 5 Goats

Total Residents:
25

We are extremely environmentally friendly with off grid facilities (solar, water catchment, natural insect and rodent prevention, sensible manure management program).

Barn swallows provide insect control, and our cats control rodents.

Partnered Locally with Mist-Birkenfeld RFPD
and Columbia County animal control.

OGR is a member of RDPO Animal Mac-G and the Oregon Animal Control Council. Partnered Regionally with RDPO and OACC as well as nationally with ASPCA.
