

**To Whom it may concern;**

I am Requesting a Quote to provide, install and train for the following.

One multi-input video wall processor, IP encoder endpoint(s), install/training day, and extended warranty/maintenance coverage.

These would be installed at our Columbia County Emergency Operations Center.

The equivalent to meet or beat in performance is:

1 Zio W4024, Standard Software, 2x IP4K, 1x AD-4D-5

2 Cable retention bracket for ZIO IP4K and ZIO IP4K-E cards

8 Mini-HDMI to HDMI adapter

1 Rack shelf for the Zio W4018 chassis

4 DisplayPort to HDMI adapter - 4K 60Hz

1 Encoder Endpoint.

One HDMI signal acquisition and encoding up to 2K resolution with 1 stream output.

1 Day of On-Site Support and/or Training in St. Helens, Oregon. includes all travel expenses

1 Zio products. Extended hardware warranty for years two through three.

1 Zio products. Software Maintenance Agreement for years two through three.

Feel free to call me with questions or email the quote to this email address.

Corey
