RE : Weyerhaeuser Logging on Crown Z Trail

Commissioners,

Weyerhaeuser has been conducting logging operations along the Crown Z Trail near the Nehalem Divide trailhead. During this work, they discovered that a portion of the area they logged extends onto deeded County property—not just the easement.

The attached map highlights the affected area in red, which represents the deeded County land that was inadvertently logged.

Weyerhaeuser is proposing to hire a surveyor to formally resurvey the property boundaries to determine the extent of the encroachment.

Do we need to make any actions as a result of this?

Thank you.

Melissa Enright
