Subject: STOP NEXT Fuel Project

Hello,

I am a resident of Columbia County. We all share a love and commitment to this beautiful place we call home. It is our responsibility to protect and nurture this land like the generations before us. We should not sacrifice wetland and farmland for a facility that could be built in a more suitable location. Please do not allow the NEXT Fuel facility to be built at this location. Our salmon populations and Columbia River are already suffering - this is not the time to further strain the water system.

Our ancestors left us this land to cherish and protect it not destroy it.

Please join us in continuing to preserve and protect Columbia County.

Thank you so much for your time,

Veronika
