<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>5-289 Prohibits psilocybin-related businesses within Clatskanie for 2 years.</b></p> <p><b>Question:</b> Shall City of Clatskanie prohibit psilocybin-related businesses within Clatskanie for 2 years?</p> <p><b>Summary:</b> State law allows for the manufacturing, transportation, delivery, sale and purchase of psilocybin, the psychedelic drug found in certain mushrooms. State law provides that a local government may adopt an ordinance to be referred to the voters to prohibit the establishment of licensed psilocybin product manufacturers and/or psilocybin service centers. The City of Clatskanie City Council adopted an ordinance to refer to the voters that prohibits psilocybin-related businesses in City of Clatskanie for 2 years. A "Yes" vote would prohibit the establishment of psilocybin product manufacturers and psilocybin service centers within the city limits of the City of Clatskanie for 2 years. A "No" vote would permit the establishment of psilocybin product manufacturers and psilocybin service centers within the city limits of the City of Clatskanie.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>
<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>

Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	
<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.</p> <p><b>Summary:</b> Measure authorizes up to \$450 million in principal amount of general obligation bonds for facilities and equipment. Measure not expected to increase tax rates above previous targets, because outstanding debt is scheduled to decline.</p> <p>If approved, this measure would finance capital costs, including:</p> <ul style="list-style-type: none"> <li>• Updated classrooms, technology, facilities, equipment to provide students with modern higher education and job training spaces, including flexible hybrid learning options.</li> <li>• Improved accessibility for people with disabilities.</li> <li>• Increased facility lifespan and efficiency through ventilation system upgrades, plumbing, electrical.</li> <li>• Improved campus safety, lighting, transit stops.</li> <li>• Expanded career technical education facilities in Washington County.</li> <li>• Rebuilt/modernized Rock Creek, Sylvania facilities/classrooms.</li> <li>• Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.</li> </ul> <p>Regular audits to ensure funds are used as intended. Bonds may be issued in one or more series, with each series maturing in 16 years or less. Bond cost estimated to maintain fiscal year 2022 rate of 38 cents per \$1,000 of assessed value. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.</p> <p><b>Summary:</b> Measure authorizes up to \$450 million in principal amount of general obligation bonds for facilities and equipment. Measure not expected to increase tax rates above previous targets, because outstanding debt is scheduled to decline.</p> <p>If approved, this measure would finance capital costs, including:</p> <ul style="list-style-type: none"> <li>• Updated classrooms, technology, facilities, equipment to provide students with modern higher education and job training spaces, including flexible hybrid learning options.</li> <li>• Improved accessibility for people with disabilities.</li> <li>• Increased facility lifespan and efficiency through ventilation system upgrades, plumbing, electrical.</li> <li>• Improved campus safety, lighting, transit stops.</li> <li>• Expanded career technical education facilities in Washington County.</li> <li>• Rebuilt/modernized Rock Creek, Sylvania facilities/classrooms.</li> <li>• Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.</li> </ul> <p>Regular audits to ensure funds are used as intended. Bonds may be issued in one or more series, with each series maturing in 16 years or less. Bond cost estimated to maintain fiscal year 2022 rate of 38 cents per \$1,000 of assessed value. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

State Measures	State Measures	Portland Community College District
<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.</p> <p><b>Summary:</b> Measure authorizes up to \$450 million in principal amount of general obligation bonds for facilities and equipment. Measure not expected to increase tax rates above previous targets, because outstanding debt is scheduled to decline.</p> <p>If approved, this measure would finance capital costs, including:</p> <ul style="list-style-type: none"> <li>• Updated classrooms, technology, facilities, equipment to provide students with modern higher education and job training spaces, including flexible hybrid learning options.</li> <li>• Improved accessibility for people with disabilities.</li> <li>• Increased facility lifespan and efficiency through ventilation system upgrades, plumbing, electrical.</li> <li>• Improved campus safety, lighting, transit stops.</li> <li>• Expanded career technical education facilities in Washington County.</li> <li>• Rebuilt/modernized Rock Creek, Sylvania facilities/classrooms.</li> <li>• Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.</li> </ul> <p>Regular audits to ensure funds are used as intended. Bonds may be issued in one or more series, with each series maturing in 16 years or less. Bond cost estimated to maintain fiscal year 2022 rate of 38 cents per \$1,000 of assessed value. Actual rates may differ and depend on interest rates incurred and assessed value growth.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>
<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>

Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

State Measures	State Measures	Portland Community College District
<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.</p> <p><b>Summary:</b> Measure authorizes up to \$450 million in principal amount of general obligation bonds for facilities and equipment. Measure not expected to increase tax rates above previous targets, because outstanding debt is scheduled to decline.</p> <p>If approved, this measure would finance capital costs, including:</p> <ul style="list-style-type: none"> <li>• Updated classrooms, technology, facilities, equipment to provide students with modern higher education and job training spaces, including flexible hybrid learning options.</li> <li>• Improved accessibility for people with disabilities.</li> <li>• Increased facility lifespan and efficiency through ventilation system upgrades, plumbing, electrical.</li> <li>• Improved campus safety, lighting, transit stops.</li> <li>• Expanded career technical education facilities in Washington County.</li> <li>• Rebuilt/modernized Rock Creek, Sylvania facilities/classrooms.</li> <li>• Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.</li> </ul> <p>Regular audits to ensure funds are used as intended. Bonds may be issued in one or more series, with each series maturing in 16 years or less. Bond cost estimated to maintain fiscal year 2022 rate of 38 cents per \$1,000 of assessed value. Actual rates may differ and depend on interest rates incurred and assessed value growth.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>
<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

The St. Helens City Council adopted an ordinance to refer to the voters that temporarily prohibits psilocybin-related businesses within the city's jurisdiction to enable the city to consider local regulations once the Oregon Health Authority establishes the state's psilocybin regulatory program. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>5-288 Prohibits psilocybin-related businesses within St. Helens for two years.</b></p> <p><b>Question:</b> Shall St. Helens prohibit psilocybin-related businesses for two years?</p> <p><b>Summary:</b> State law allows for the manufacturing, transportation, delivery, sale and purchase of psilocybin, the psychedelic drug found in certain mushrooms. State law provides that a local government may adopt an ordinance to be referred to the voters to prohibit the establishment of licensed psilocybin product manufacturers and/or psilocybin service centers. The St. Helens City Council adopted an ordinance to refer to the voters that temporarily prohibits psilocybin-related businesses within the city's jurisdiction to enable the city to consider local regulations once the Oregon Health Authority establishes the state's psilocybin regulatory program. Approval of the measure would prohibit the establishment of psilocybin product manufacturers and psilocybin service centers within the St. Helens city limits until December 31, 2024.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>5-288 Prohibits psilocybin-related businesses within St. Helens for two years.</b></p> <p><b>Question:</b> Shall St. Helens prohibit psilocybin-related businesses for two years?</p> <p><b>Summary:</b> State law allows for the manufacturing, transportation, delivery, sale and purchase of psilocybin, the psychedelic drug found in certain mushrooms. State law provides that a local government may adopt an ordinance to be referred to the voters to prohibit the establishment of licensed psilocybin product manufacturers and/or psilocybin service centers. The St. Helens City Council adopted an ordinance to refer to the voters that temporarily prohibits psilocybin-related businesses within the city's jurisdiction to enable the city to consider local regulations once the Oregon Health Authority establishes the state's psilocybin regulatory program. Approval of the measure would prohibit the establishment of psilocybin product manufacturers and psilocybin service centers within the St. Helens city limits until December 31, 2024.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.</p> <p><b>Summary:</b> Measure authorizes up to \$450 million in principal amount of general obligation bonds for facilities and equipment. Measure not expected to increase tax rates above previous targets, because outstanding debt is scheduled to decline.</p> <p>If approved, this measure would finance capital costs, including:</p> <ul style="list-style-type: none"> <li>• Updated classrooms, technology, facilities, equipment to provide students with modern higher education and job training spaces, including flexible hybrid learning options.</li> <li>• Improved accessibility for people with disabilities.</li> <li>• Increased facility lifespan and efficiency through ventilation system upgrades, plumbing, electrical.</li> <li>• Improved campus safety, lighting, transit stops.</li> <li>• Expanded career technical education facilities in Washington County.</li> <li>• Rebuilt/modernized Rock Creek, Sylvania facilities/classrooms.</li> <li>• Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.</li> </ul> <p>Regular audits to ensure funds are used as intended. Bonds may be issued in one or more series, with each series maturing in 16 years or less. Bond cost estimated to maintain fiscal year 2022 rate of 38 cents per \$1,000 of assessed value. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p><input type="radio"/> Yes    <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners /inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p><input type="radio"/> Yes    <input type="radio"/> No</p>

Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes    <input type="radio"/> No</p>	<p align="center"><b>Portland Community College District</b></p> <p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners /inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>

Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Portland Community College District</b></p> <p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p><b>26-224 Bonds to construct job training space, improve classrooms, safety, technology</b></p> <p><b>Question:</b> Shall Portland Community College renovate and modernize facilities, estimated to maintain current tax rate by issuing \$450 million in bonds? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of sections 11 and 11b, Article XI of the Oregon Constitution.</p> <p><b>Summary:</b> Measure authorizes up to \$450 million in principal amount of general obligation bonds for facilities and equipment. Measure not expected to increase tax rates above previous targets, because outstanding debt is scheduled to decline.</p> <p>If approved, this measure would finance capital costs, including:</p> <ul style="list-style-type: none"> <li>• Updated classrooms, technology, facilities, equipment to provide students with modern higher education and job training spaces, including flexible hybrid learning options.</li> <li>• Improved accessibility for people with disabilities.</li> <li>• Increased facility lifespan and efficiency through ventilation system upgrades, plumbing, electrical.</li> <li>• Improved campus safety, lighting, transit stops.</li> <li>• Expanded career technical education facilities in Washington County.</li> <li>• Rebuilt/modernized Rock Creek, Sylvania facilities/classrooms.</li> <li>• Site improvements, demolition, furnishing, equipping, acquiring land, bond issuance costs.</li> </ul> <p>Regular audits to ensure funds are used as intended. Bonds may be issued in one or more series, with each series maturing in 16 years or less. Bond cost estimated to maintain fiscal year 2022 rate of 38 cents per \$1,000 of assessed value. <p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>48-1</b></p> <p align="center"><b>Vote Both Sides of Ballot</b></p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law. Absent legislators may be punished by legislative chamber (potentially expelled by supermajority); present legislators have legal authority to compel attendance.</p> <p><b>Summary:</b> Amends Oregon Constitution to add language prescribing consequences for unexcused absences by legislators from floor sessions. Currently, Senators and Representatives may be "punished" or, by the concurrence of two-thirds of the Senator's or Representative's chamber, "expelled" for "disorderly behavior," but law does not define "disorderly behavior." Additionally, absent legislators may be "compelled" to attend legislative floor sessions, but current law does not specify consequences for unexcused absences. Measure specifies that "disorderly behavior" includes legislator's failure to attend ten or more legislative floor sessions during a regular or special legislative session without permission or excuse. Under measure, legislator who engages in "disorderly behavior" through unexcused absences is disqualified from serving as a Senator or Representative for the term following the end of the legislator's current term.</p> <p><b>Estimate of Financial Impact:</b> This measure will have no financial effect on either state or local government expenditures or revenues.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	
<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>112 Amends Constitution; Removes language allowing slavery and involuntary servitude as punishment for crime</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote amends constitution to remove language allowing slavery and involuntary servitude as punishment for crime; allows programs to be ordered as part of sentencing.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current language that generally prohibits slavery and involuntary servitude but allows slavery and involuntary servitude as punishment for crime.</p> <p><b>Summary:</b> Amends Constitution. Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners/inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>

Article I, section 34 of the Oregon Constitution currently prohibits slavery and involuntary servitude but allows an exception to that prohibition as a punishment for crime. Measure removes language that allows slavery and involuntary servitude as a punishment for crime. Under measure, a court or probation or parole agency is allowed to order a person convicted of a crime to engage in education, counseling, treatment, community service, or other alternatives to incarceration, as part of sentencing for the crime. Ordered programs must be in line with programs that historically, or in the future, have been in place to provide for accountability, reformation, protection of society, or rehabilitation. Effect on current constitutional provisions requiring inmate work programs unclear.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditures and revenues is indeterminate. The measure removes language allowing slavery and involuntary servitude as a punishment for a crime. The measure does not require additional state government revenues or expenditures however the impact of the measure will depend on potential legal action or changes to inmate work programs.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>114 Requires permit to acquire firearms; police maintain permit/firearm database; criminally prohibits certain ammunition magazines</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires background check, safety training, fee for permit to acquire firearms; state police maintain new permit/firearm database; criminally prohibits certain magazines; exceptions.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law: seller/ transferor must request criminal background check; permit, safety course not required; no magazine capacity restrictions.</p> <p><b>Summary:</b> Oregon law currently allows persons over age 18 to acquire firearms (federal law requires age 21 for some handgun purchases), seller/ transferor must request criminal background check. Measure requires permit from local law enforcement to acquire firearm; person must pay fee, submit photo ID, fingerprints, complete approved safety training, pass criminal background check, not be prohibited from possessing firearms; officer may deny permit to person believed danger to self or others. Permit issued within 30 days, valid 5 years. Permit denials appealable. Must present permit, pass background check to acquire firearm. State Police creates/ maintains permit/ firearm database. Magazines over 10 rounds, or readily modifiable to exceed 10 rounds, prohibited; exception for current owners /inheritors. Exceptions for law enforcement, armed forces. Criminal penalties. Other provisions.</p> <p><b>Estimate of Financial Impact:</b> The intent of the measure is for revenues from permits to cover administrative costs. Cost estimates related to the measure were received from state and local government. However, there is uncertainty in the assumptions regarding the estimates made, including the projections of the number of permit applications, the revenue associated with those permits and other related costs. There is also uncertainty in potential cost savings to state and local government expenditures due to an expected decrease in firearm related injuries and death. Therefore, the financial impact of Measure 114 for state and local governments is indeterminate.</p> <p><input type="radio"/> Yes      <input type="radio"/> No</p>

<p align="center"><b>Referred to the People by the Legislative Assembly</b></p> <p><b>111 Amends Constitution: State must ensure affordable healthcare access, balanced against requirement to fund schools, other essential services</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote requires state to ensure affordable healthcare access. State must balance healthcare funding against funding for schools, other essential services; courts must respect balance.</p> <p><b>Result of "No" Vote:</b> "No" vote retains current law. The constitution does not require the state to ensure access to affordable health care; state provides some healthcare access.</p> <p><b>Summary:</b> Amends Constitution. Current state law outlines the general requirements for health insurance policies and provides health care for low income and disabled residents who meet eligibility requirements. Amends the Oregon Constitution to establish health care as a fundamental right; obligates the state to provide Oregon residents "access to cost-effective, clinically appropriate and affordable health care." Amendment requires the state to balance that obligation against the public interest in funding public schools and other essential public services. If the state is sued to enforce the amendment, the court may not order a remedy that interferes with the state's requirement to balance healthcare funding against funding for public schools and other essential public services.</p> <p><b>Estimate of Financial Impact:</b> The financial impact to state and local expenditure and revenue is indeterminate. The measure does not require additional state government revenues or expenditures. The impact of the measure will depend on future legislative action to establish additional health benefits and determine how they will be paid for.</p> <p align="center"><input type="radio"/> Yes      <input type="radio"/> No</p>	<p align="center"><b>Proposed by Initiative Petition</b></p> <p><b>113 Amends Constitution: Legislators with ten unexcused absences from floor sessions disqualified from holding next term of office</b></p> <p><b>Result of "Yes" Vote:</b> "Yes" vote disqualifies legislators with ten unexcused absences from legislative floor sessions from holding office as legislator for term following current term of office.</p> <p><b>Result of "No" Vote:</b> "No" vote retains existing law.
