Dear Columbia County Voters:

The Columbia County Voters' Pamphlet is published to inform voters with regard to the local candidates and measures you will find on your ballot. It is also an opportunity to pass on to you some important information regarding the May 21, 2024 Primary Election.

- **Primary Election.** This election serves a variety of purposes. While all voters will be able to vote on applicable non-partisan offices, this election also functions as the nominating election for major party candidates. The ballot you receive will have been tailored to the party with which you have a registered affiliation. If you are registered non-affiliated or a member of an Oregon minor political party, you will receive a nonpartisan ballot.
- **Ballot mailing dates.** Ballot packets will be mailed out to the county at large May 1st to May 3rd. Expect to see your ballot during the week of May 5th -May 11th.
- **Voter no longer at your address.** If a ballot was delivered to your residence for someone who should no longer be receiving ballots at your address, please write "RETURN" on the envelope and place it back in your mailbox. If a ballot was sent to someone who has passed away, please write "DECEASED" on the envelope, and place it back in the mailbox.
- **Ballot Arrangement.** Candidates are arranged in a random alphabetical order each election. Candidates will be listed in the same order in this pamphlet as on the ballot. Only the applicable candidates and measures for your precinct and registered residential address will appear on your ballot.
- **Contact your Elections office.** If you have questions or require assistance, please contact Columbia County Elections at (503) 397-7214 or email us at: elections@columbiacountyor.gov.

Make sure your vote counts! Be sure to sign the attestation on your ballot return envelope and return promptly. Unsigned or late ballot return envelopes cannot be counted, but timely, signed ones can be. Ballots must be deposited in a County Elections Dropbox no later than 8:00 p.m., Tuesday, May 21, 2024, or, if mailed, must be postmarked by election day to be counted. Drop site locations are listed on the last page of this voters' pamphlet.

It is my honor and privilege to serve as your County Clerk.

My experience and education in government affairs and finance, knowledge of natural resources, and lifelong involvement in the issues facing Columbia County provides me the background and ability to work collaboratively with fellow citizens in achieving a balance between livability and prosperity in the county we call home.

Priorities:

Livability: Columbia County residents want excellent schools, beautiful parks, public safety, good roads, support for veterans, and access to other local government services. I will make these goals a priority by budgeting conscientiously, working to attract new businesses, and supporting responsible growth of new and existing businesses.

Local Jobs: Many county residents must commute for their work. My priority is to achieve a balance between large industries, small businesses, natural resource industries and agriculture. I will strive to bring more family-wage jobs to our county while still being conscious of our current resources and environment.

Recreation: We have one of the most beautiful and scenic counties in the State of Oregon. Our rivers and streams provide an abundance of recreational activities. Our trails offer access to beautiful woodlands. I will listen to the desires of our citizens and work with them to ensure that our county continues to be a great place to live and raise a family.

City of St. Helens

Measure 5-300

Measure 5-298

BALLOT TITLE

BALLOT TITLE

JAIL OPERATING TAX LEVY

QUESTION: Shall Columbia County levy a tax of \$0.87/\$1000.00 of assessed value for four years beginning in FY2025 for Jail operations? This measure may cause property taxes to increase more than three percent.

SUMMARY: In 2014, 2017, and 2020 voters approved a jail operating levy, expiring in 2024.

The three primary funding sources for the Jail are the County's General Fund, Federal bed rentals, and the Jail Operating Tax Levy. Since 2014 the County's General Fund support for the Jail has remained consistent. However, during the pandemic Federal bed rental revenue substantially decreased and the cost to run the jail substantially increased. Jail medical costs alone increased from \$634,278 in FY19-20 to \$1,500,000 in FY24-25. The Jail has been forced to use reserve funds to cover costs since 2020. The Jail cannot fully operate without a new rate of \$0.87/\$1000.

Prior to the 2014 Levy, the County was forced to reduce Jail beds for local inmates to 25 and anticipated a full closure of the Jail without the Levy. The tax Levy at a rate of \$0.87/\$1000 will pay for continued operation of the Jail through FY2027-2028, including funding for constitutionally required food, clothing, management, and healthcare for adults in custody.

The estimated money raised will be \$5,569,309 in FY 2024-2025, \$5,804,458 in FY2025-2026, \$6,049,535 in FY2026-2027 and \$6,604,960 in FY2027-2028, for a total estimated tax Levy of \$23,728,262.

CREATION OF POLICE PROTECTION SERVICES STAFF FUNDING LOCAL OPTION TAX

QUESTION: Shall City assess five-year operating levy for police at rate of \$0.69 Per \$1,000 assessed value beginning 2024-2025? This measure may cause property taxes to increase more than three percent.

SUMMARY: The City's current tax revenues cannot support quantity of officers needed to protect and serve our city.

The City will use the levy to create an Enhanced Law Enforcement Operating Fund. This will be used exclusively for increasing law enforcement presence throughout St. Helens and increasing police officer presence within the city. This fund would add four additional officers, necessary equipment, necessary training, and enable the police to continue to provide 24/7 law enforcement coverage in St. Helens as well as reduce response times.

In order to provide these basic services, the City is requesting a new five-year levy at a rate of \$0.69 Per \$1,000 assessed property value. The City will use the tax revenue from this measure to fund additional police officers.

The levy will raise approximately \$802,077 in 2024-25; \$834,087 in 2025-26; \$867,451 in 2026-27; \$902,149 in 2027-28; and \$938,235 in 2028-29. The levy would then expire.

For a home assessed value of \$200,000 the annual cost of this levy would be an estimated \$138 per year.

The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the County Assessor at the time of the estimate and may reflect the impact of early payment discounts, compression, and the collection rate.

EXPLANATORY STATEMENT

EXPLANATORY STATEMENT

In 1998, county voters approved a bond levy to construct a new Jail. The bond to build the new Jail was repaid in 2018. Property taxes collected to pay the bond are no longer being collected. The Jail is now 23 years old. Until 2014, Jail operations were primarily funded by the County General Fund and Jail bed rentals. However, by 2012, Jail operations became difficult to fund due to several years of decreases in the County's General Fund due to loss in federal timber funding. From 2012 to 2014, the County reduced the number of adults in custody (AICs) housed at the jail to lower operating expenses. The County force-released hundreds of AICs annually: 582 AICs were released in 2012, 791 in 2013, and 748 in 2014. Jail operations became unsustainable in 2014 and full closure of the Jail was planned. However, in 2014 voters approved a three-year Jail operating tax levy of \$0.5797 per \$1,000 of assessed property value, allowing the County to keep the Jail open. The tax levy was renewed by voters in 2017 and 2020. The tax levy will expire in 2024. Since passing this tax levy in 2014, the County has not force-release AICs. In 2023, the County booked 2,392 AICs into the Jail.

The City of St. Helens has a permanent tax rate of \$1.9078. This rate was set in 1997 and has not risen despite increases in all expenses. There is an annual cap of 3% that can be added yearly on property taxes to help these increased expenses. This is not enough to cover all services needed by our city to function.

Since 2019, the Jail has experienced steady growth in operational costs, including significant increases in medical and mental health costs (\$634,278 in FY 19-20 to \$1,500,000 in FY 24-25) and food service costs (\$372,650 in FY 19-20 to \$524,001 in FY 24-25). In addition, Jail bed rental revenue decreased substantially from 2020-2022 due to the COVID-19 pandemic. During this period the County used reserve funds to bridge budget deficits and reserves are now depleted.

The City of St. Helens has less than half the national average for law enforcement coverage per person. The national average is 3.5 police officers to 1,000 citizens. The City of St. Helens is 1.38. The City of St. Helens Police Department is understaffed.

Income streams for the Jail include revenue from the General Fund, bed rentals to outside agencies, and Jail Operating taxes. The Board of County Commissioners has resolved to contribute 1 million dollars annually for Jail Operations. The County has renegotiated bed rental per-diem rates from \$92 to \$127 per night. The County is proposing a Jail Operating tax levy at \$0.87 per \$1,000 of assessed property value for four years to bridge the remaining gap for full operation of the Jail through FY2028.

Our police officers are under increasing demands due to increased population and the decriminalization of drugs. This increase in property and violent crimes severely impacts the citizens of St. Helens.

The tax levy will contribute to constitutionally required care for inmates, including food, clothing, health care, corrections deputies, and other corrections staff, in addition to facility maintenance and deferred capital projects, such as a roof replacement. The use of operating funds will continue to be monitored by a citizen committee established by the County (the "JOCAC"). In addition, the County will annually audit the use of tax levy funds for jail operations.

This measure would create an Enhanced Law Enforcement Operating Fund to be used exclusively for increasing law enforcement presence in the city. It would add four additional officers, necessary equipment, necessary training, and enable the police to continue to provide 24/7 law enforcement coverage in St. Helens as well as reduce response times.

A property owner with an assessed value of \$100,000 would pay \$87.00 annually for four years.

If approved, this levy would raise approximately \$4,343,929 for police protection services over the 5-year period.

Submitted by:
Casey Garrett, Columbia County Board of County Commissioners, Chair

Estimated annual cost:

The approximate rate for the operating fund is \$0.69 per \$1,000 of assessed value. For a home assessed at a value of \$200,000 the annual cost of this levy would be \$138 per year or \$0.38 per day.

Columbia 911 Communications District

Measure 5-299

BALLOT TITLE

RENEWAL OF 9-1-1 EMERGENCY COMMUNICATIONS OPERATING FUNDS - OPTION LEVY

QUESTION: Shall the five-year Columbia 9-1-1 operating levy be renewed, at 29 cents per \$1,000 assessed value, beginning FY 2024/2025? This measure renews current local option taxes.

SUMMARY: The initial local option levy for operations for the Columbia 9-1-1 Communications District was approved by the voters in 1998, renewed in 2004, 2008, 2013 and again in 2019.

The measure, if approved, would authorize the District to levy taxes to support all ongoing functions of the 9-1-1 call center, such as maintaining emergency communications service for all communities and unincorporated areas throughout the county; 24-hour staffing and training; coordination and dispatching for all 14 public safety (Police, Fire & EMS) agencies in Columbia County, including related support services for State Police and State Forestry Department.

The measure would provide for a local option levy to support operations at a rate of \$0.29 per \$1,000 of taxable assessed value within the District for five years, beginning July 1, 2024. The estimated revenue over five years is:

Fiscal Year	Estimated-Yearly Total
2024-25	\$1,884,044
2025-26	\$1,969,872
2026-27	\$2,059,611
2027-28	\$2,153,438
2028-29	\$2,251,538

Total \$10,318,503

"The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate."

EXPLANATORY STATEMENT

The Columbia 9-1-1 Communications District Operating Levy is due for a five-year renewal.

Not an Additional Tax, But Instead a Five-Year Renewal of the Current Levy

This measure does not create an additional tax burden. Instead, it seeks a renewal of the current Operating Fund levy, which will end on June 30, 2024. The renewal measure requires approval by a majority of the voters to maintain Columbia 9-1-1 services at its current level.

The Unchanged Tax Rate Will Maintain Emergency Service Levels

This Operating Fund renewal measure is requested at the same tax rate approved by voters in 2019. Its passage would maintain emergency communications service operations that benefit all citizens in Columbia County.

Levy Renewal Rate

The Operating Fund levy renewal would be at a rate of 29 cents per \$1,000 of assessed property value, added to the permanent rate of 25.54 cents per \$1,000 assessed value. For a home assessed at \$100,000, the annual combined cost of the permanent and requested renewal levy would be \$54.54 per year.

Citizen Reliance On Columbia 9-1-1 Communications District Services

The requested five-year Operating Fund levy supports all ongoing functions of the 9-1-1 call center, such as 24-hour staffing, training, and coordination with local and state emergency operations. Renewal of the funding will maintain the current level of emergency services citizens receive. On average, the 9-1-1 call center answers about 213 calls daily and 77,899 emergency calls annually.

Emergency Dispatcher for All Fire, Medical, and Law Enforcement

Columbia 9-1-1 Communications District coordinates and dispatches for 16 public safety agencies in Columbia County, including all fire, emergency medical, and law enforcement departments. It also provides related support services for local State Police and State Forestry departments. On average, the dispatchers at the 9-1-1 call center handle 65,971 public safety agency calls annually.

Improved Communications Countywide

The Operating Fund, combined with state and federal grants, are also used to provide enhanced 9-1-1 services, including location identification capability for cell phone callers, radio/communication towers, and other essential infrastructure, including a countywide microwave radio network utilized by emergency responders.

Representation and Accountability

Columbia 9-1-1 Communications District is accountable to the communities it serves. A five-person Board of Directors is elected from five zones representing the entire county. The Board members manage a cost-conscious and efficient district while focusing on safety and security for all. The Board appoints five citizen members, one representing each District zone, to sit on the District's Budget Committee. Further, the District appoints an Advisory Committee that includes representatives from community public safety, fire, emergency, and law enforcement agencies in Columbia County.

Vernonia Rural Fire Protection District

Measure 5-301

BALLOT TITLE

RENEWAL OF CURRENT FIVE-YEAR LOCAL OPTION TAX FOR FIRE AND EMERGENCY SERVICES

QUESTION: Shall the District impose \$1.24 per \$1,000 assessed value for fire and emergency services staffing for five years beginning 2024/2025? This measure renews current local option taxes.

SUMMARY: The measure if approved will allow the Vernonia Rural Fire Protection District to maintain current Fire District Staffing. The measure would provide for a 5-year local option levy at a rate of \$1.24 per \$1,000 of taxable assessed value within the fire district for 5 years beginning in 2024/2025. Revenue from levy will be utilized to maintain the fire districts current staffing of 1 firefighter on duty 24 hours a day 7 days a week while allowing us to continue to overcome the cost of providing services. The estimated revenue over five years is 2024-2025- \$431,742, 2025-2026- \$455,487, 2025-2026- \$480,438, 2026-2027- \$506,867, 2027-2028- \$534,744. Estimated total over the five years = \$2,409,278 This levy will renew the current local option levy set to expire in 2025. For a homeowner with a taxable assessed value of \$200,000 would pay an estimated \$248. The estimated revenue for this measure is an ESTIMATE ONLY based on the best available information at the time from the county.

EXPLANATORY STATEMENT

District Overview

Vernonia Rural Fire Protection District is the smallest fire district in Columbia County, serving 36 square miles. The district continues to see high volumes of calls for service responding to 747 emergency and non emergency calls in 2023.

Levy Overview

In recent years, growing demands for services have put strain on the district budget, but most importantly a strain on local volunteers to answer the calls. In early 2024 the District Board of Directors voted to place a levy renewal on the May 2024 election. This renewal will continue to fund current staff positions as well as operation for an additional 5 years.

Why do we need a levy?

Demands for fire, emergency, and medical response are increasing across the district. The district's permanent tax rate is not able to keep pace with the rising costs of providing services. With more than 700 calls expected each year, the district is seeking funding to maintain firefighters to meet the needs of each community we serve.

What would the levy pay for?

The levy would fund the 3 current career firefighter positions, as well as equipment and operational costs connected to emergency and wildfire mitigation, prevention, and response.

How much would it cost?

If passed, the emergency services levy would provide annual funding of approximately \$431,000 at a cost of \$1.24 per \$1000 of assessed property value.

What happens if the levy does not pass?

If the levy does not pass, staffing will be maintained until the current levy expires in 2025. Once the levy has expired, the district will be forced to cut career firefighter positions due to a lack of funding. Further staffing and operational cuts may be required.
