

**May 17, 2022 Primary Election
Ballot Clarification**

There is messaging on the reverse side of the issued ballot that contains the verbiage “Be sure to sign your ballot. Unsigned ballots cannot be counted”. The intended meaning was to say “Be sure to sign your ballot envelope. Unsigned envelopes cannot be counted”. Please follow direction contained on the letter insert and in the voter’s pamphlet to sign the Voter’s attestation on your ballot return envelope.

Apologies for any inconvenience.
