NO ON "NEXT"

(Or whatever it is called today)

The proposed rail yard and impending excessively long rail transport of materials in and out of Port Westward in Rural Columbia County is absolutely ludicrous for so many reasons!

The quality of life this proposed rail traffic offers will forever change the quality of life for the citizens of Scappoose, St Helens, Columbia city, Rainier, and the greater Clatskanie area.

Disrupting citizens, farming, among other current activities on this valuable farmland and the miles of land along the rail line.

This area is liquefaction, and home to countless species of a number too many to state. And, not withstanding the air and Columbia River pollution which will ensue.

I truly hope graft and corruption, money changing hands, is not an issue in this proposal.

I need not say more.

This proposed rail yard is just plain WRONG!!!!!!!

To whom it may concern -

This application should be denied. It is not in the best interests of the environment nor the local population to go ahead with this project. It will be a DISASTER for all concerned, even the applicants!

To whom it may concern,

I am a resident of Scappoose and I want it to be known that I do not approve of NEXT Renewable adding more railways through our county. I don't think it is safe and it would add to our already increased traffic and likely affect wildlife as well.

Please reach out if you need more information.

Thank you for your time,  
Christina Anderson

Columbia County

Land Development Services

Attn: Planning

230 Strand Street

St. Helens, OR 97051

6/30/23

Dear Columbia County Land Development Services,

I am writing today to express OPPOSITION to anything that improves the ability for the NEXT project to move forward. I have not been terribly involved with this project because I live many miles drive from this site. However, as the crow flies my home, farm and livestock in north Clark County Washington would be under constant assault from airborne particulate matter from this facility, should it be built.

I stand with the dedicated community members and volunteers who are fighting to protect their homes, health and safety. Please DENY and permits or amendments.

Therese Livella

La Center, WA

Peace,
