

JOHN GUMM BUILDING PROJECT UPDATE

Columbia County, OR

WORK CONTINUES!

Things are continuing to move along at the John Gumm Building! Over the last month, we have been continuing with framing and drywall installation. We are also doing HVAC installation in the catering kitchen and starting on the window framing for new windows in the auditorium area.

WHAT'S NEXT

We will continue to add drywall, insulation, and work on the auditorium windows. We will be installing fire sprinkler systems throughout the building and begin with HVAC equipment install. Some areas will begin to get interior paint.

Level 2 Framing at County Counsel 202

Level 1 Auditorium Window Framing

Level 1 Sheet Rock Installation at Office 101D
