

Battery Drop-off Program

Batteries can cause fires, recycle your batteries here for free.

For Columbia County residents only.

Accepted items:

- Alkaline, lithium primary, coin or button cell, lithium-ion, nickel-metal hydride, nickel cadmium and all cellphones. **Each battery must weigh under 5 pounds.**
- **Note:** Small-sealed lead acid and lead acid batteries are accepted for a fee.

Unaccepted items:

- Batteries that cannot be removed from products (except cellphones);
- Batteries heavier than 5 pounds;
- E-bike and E-scooter batteries;
- Electric and hybrid vehicle batteries;
- RV, golf cart, lawn mower lithium-ion batteries, battery storage systems and larger batteries. For larger batteries, call the manufacturer or search <https://batterynetwork.org/locator/> for disposal options.

Drop-off location: 1601 Railroad Ave., St. Helens, OR
Columbia County Transfer Station Scale House

Drop-off process:

1. Place your household batteries in clear plastic bags. Alkaline batteries in one bag, all other batteries go in another bag.
2. During normal business hours, bring accepted batteries to the scale and staff members can assist you.
